Dear Friends:

I want to congratulate you for sponsoring the Asian Business Summit to provide Asian and Pacific American businesses an opportunity to network with other business and government leaders to promote economic development.

Governor McDonnell and I believe that the most important issue currently facing our state is the need to get our economy moving again and create jobs, and we are committed to doing everything we can to accomplish this important goal.

During the 2010 legislative session we introduced our Jobs and Opportunity Agenda, which will provide us with more tools to recruit new businesses to Virginia and more resources to tell the Virginia story here at home and all around the world.

While we are pleased that the General Assembly gave broad, bipartisan support to our Jobs and Opportunity Agenda, this is only the beginning of what we must do to position Virginia to take advantage of a future economic resurgence.

We are currently working with the Governor's Commission on Economic Development and Jobs Creation to develop part 2 of the Jobs and Opportunity Agenda, which we will introduce in the General Assembly next year.

These are challenging times, but if we can get our economy moving again and create jobs we will produce a rising tide that will lift each of us out of the current recession. We look forward to working with you in that effort.

Very Truly Yours,

A handwritten signature in black ink that reads 'Bill Bolling'.
